

# Big Balloon Numbers

Two days ago it was my son's 4<sup>th</sup> birthday. Yesterday it was my 40<sup>th</sup> birthday.

Every year we buy big balloon numbers to celebrate. This year, we re-used the number 4 balloon to make part of the number 40 the next day.

I wonder when we'll next be able to re-use a balloon?

Is this unique to our ages or can any two people re-use balloons?
